TRADING (PTY) LTD

ABOUT THE COMPANY

Haaka is not just a fuel supplier — we are a strategic industry partner dedicated to powering progress and building South Africa. Under the leadership of Director, Katlego Mosime, a driven entrepreneur with a vision to create opportunities and combat unemployment, the company has grown into a trusted BBBEE Level 1 service provider known for its excellence, integrity, and results.

From our strong foundation in fuel supply, Haaka has expanded into yellow machinery plant hire, construction, civil works, and hauling services. Today, we stand as a comprehensive solutions provider for the mining, civil engineering, and industrial sectors — committed to keeping projects moving, operations efficient, and businesses ahead.

VISION & MISSION

OUR COMBINED VISION AND MISSION ARE SIMPLE YET POWERFUL:

To deliver reliable, efficient, and ethical services that keep our clients' projects moving forward, while creating meaningful economic opportunities in our communities.

We achieve this through teamwork, modern technology, and professionalism — ensuring that every litre of fuel, every machine, and every project we deliver adds real value.

OUR SERVICES

FUEL & LUBRICANTS

We provide high-quality fuel and lubrication solutions to ensure maximum productivity and minimal downtime:

- Diesel Supply
- Petrol Supply
- Oils & Lubricants

YELLOW MACHINERY - PLANT HIRE

Our modern, well-maintained fleet is available with or without operators and is tailored to meet the needs of construction, mining, and civil projects.

Available for Hire:

- Excavators
- Loaders
- TLBs
- Graders
- Rollers
- Dump Trucks
- Dozers

CONSTRUCTION & CIVIL WORKS

We provide end-to-end civil engineering and construction solutions that focus on quality, safety, and efficiency.

Capabilities:

- Road construction
- Bulk earthworks
- Site preparation
- Infrastructure development
- Project management

HAULAGE – HEAVY LOADS, DELIVERED WITH PRECISION

- Reliable, efficient, and safe transport solutions
- Fleet and drivers equipped for tough terrain across South Africa
- On-time delivery for mining, construction, and industrial sectors
- Bulk material transport (ore, aggregates, coal, sand)
